

The Work & Play 30-Series 21.5" HDTV Monitor

- 1920 x 1080 (Full HD)
- Picture in Picture (PIP)
- Enhanced Connectivity
- MagicAngle for improved off-angle viewing

No matter the size of your office or dorm room, you have space for both an HD monitor and HD television. Samsung's B2230HD HDTV monitor is a high-resolution monitor that features a built-in high-definition TV tuner. Working late? The PIP function lets you keep an eye on the big game while you finish your presentation. Just connect to a cable box or antenna, and you're ready to start watching.

Full HD Resolution and HDMI

The B2230HD features FullHD, a 1920x1080 resolution. This resolution gives you more room to be productive by expanding your workspace which helps you see more of your spreadsheet or just gives you added room to have multiple windows open. FullHD resolution allows you to take advantage of the B2230HD's HDMI connectivity and stunning 1080p content, whether it's your favorite Blu-ray movie or favorite game.

Enhanced Connectivity

Whether it's your favorite laptop, Blu-ray player, gaming console, cable/satellite box or digital camera; hooking up your favorite devices is not a problem. With Samsung's innovative ConnectShare, you have the capability of playing your favorite content directly from your USB drive to your B2230HD monitor.

Picture-in-Picture (PIP) Capability

Work on your presentations or watch HDTV, or do both. Samsung's HDTV monitors feature Picture in Picture (PIP) support. You can watch TV while working on a spreadsheet during commercials. Eliminate the need for a second monitor, additional connectors and power cords. The B2230HD monitor is the one monitor you need for all your multitasking.

Immerse Yourself in Crystal-Clear Audio

Sit back, relax and enjoy the rich sound from the B2230HD's built-in speakers featuring Dolby Digital Plus and SRS Theater sound processing. Or you can use the digital audio-out (TOSLINK) and connect the B2230HD to your home theater system and take full advantage of the latest 5.1 and 7.1 cinematic soundtracks.

MagicAngle for Maximum Comfort

Love to watch movies lying down or while you're cooking dinner? The Samsung's MagicAngle uses 5-step angle management to deliver crisp images and bold color from every direction. So whether your view is from above, below or from the side, images stay the same.

High Dynamic Contrast Ratio

Samsung's ultra-high 70,000:1 dynamic contrast ratio automatic backlight adjustment creates deeper, more dramatic dark tones and brighter, more striking light tones. Now you can enjoy images that echo reality with rich, vivid color and brilliant natural intensity.

Windows® 7

Samsung monitors have been tested to meet all technical requirements to be compatible with Windows® 7 and meets Windows® Color System standards for consistent and accurate color across multiple mediums. Enjoy true to life color on your screen.

ENERGY STAR Compliant

By being ENERGY STAR compliant you are assured that your Samsung model is helping the environment by using less energy while saving you money. ENERGY STAR is a joint program of the U.S. Environmental Protection Agency and the U.S. Department of Energy promoting energy efficiency.
